

# kodiak island food bank

*that all may be fed . . . that none would go hungry*

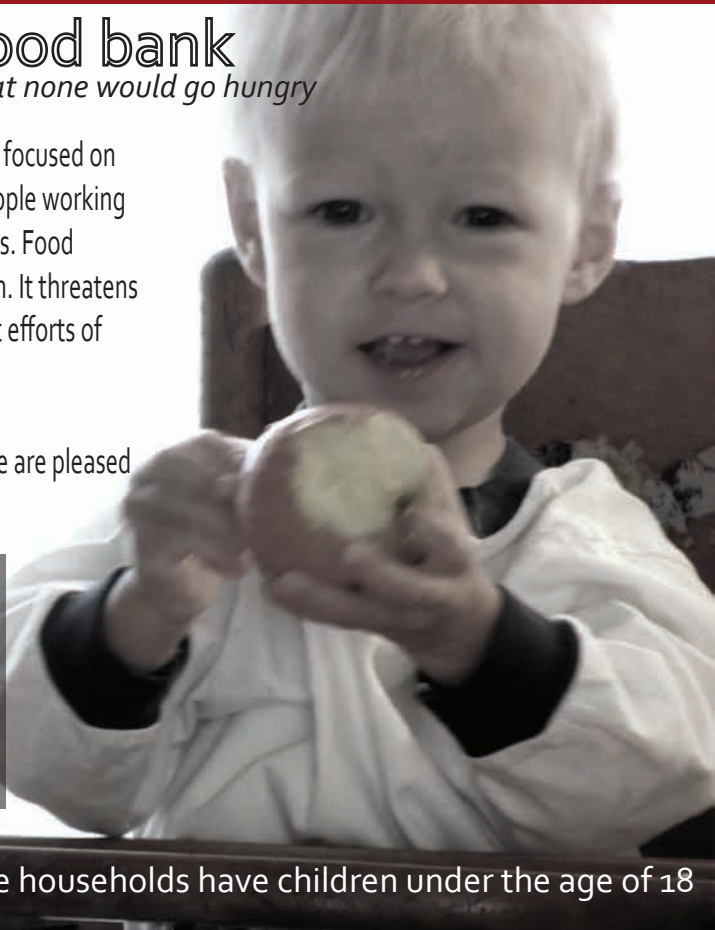

The Kodiak Island Food Bank's efforts are primarily focused on Kodiak's working poor. It is an honor to support people working so diligently to provide a better life for their families. Food insecurity is an incredibly stressful human condition. It threatens the stability of families and erodes the most valiant efforts of educators and other empowering services.

As families leap frog from paycheck to paycheck we are pleased to be here to help them span the gaps.

## 2011 Numbers

May	-	338 children served	-	903 total
June	-	410 children served	-	1101 total
July	-	360 children served	-	952 total *
